- Analysis of buying trends

A hunger-free world

What it means....

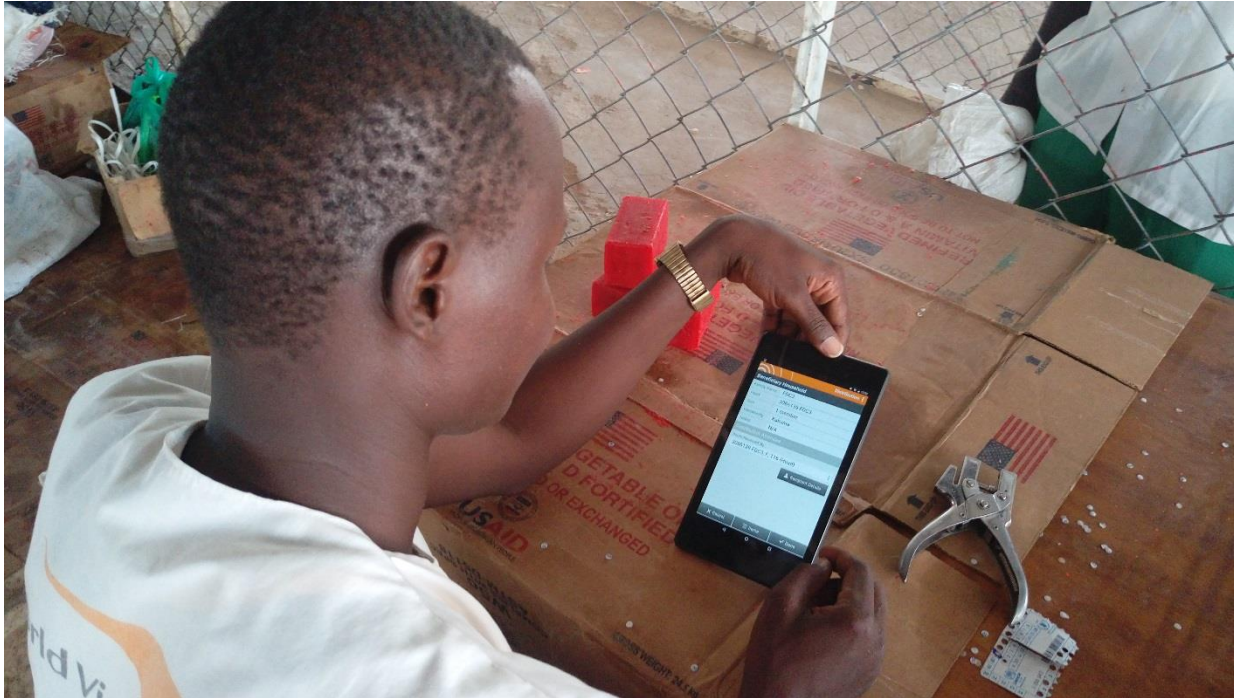

Building hope and confidence and believing in communities that they can do something.

In Nepal for example, CBP was used to empower communities to make important decisions about their self recovery after the earthquakes in areas such as Agriculture, Health, Education, Food

“We did our work and now feel more satisfied. We achieved food security through better farming and paid school fees for our children” Beneficiary

Enabling Factors for Electronic Cash Payments

- Engaged Government with a strong economy
- Banking Systems that work
- Literate beneficiaries to a large degree
- Host community Capacity, Excellent local staff
- Working markets – Modern Supermarkets, excellent road networks
